

BRADWAY PRIMARY SCHOOL

SEND Policy 2020

Introduction

At Bradway Primary School we welcome everybody into our community. The Staff, Governors, pupils and parents work together to make Bradway Primary School a happy, welcoming place where children and adults can achieve their full potential and develop as confident individuals. This means that equality of opportunity must be a reality for our children. We make this a reality through the attention we pay to the different groups of children within our school family, thus providing a learning environment that enables all pupils to make the greatest possible progress and achieve their full potential in a caring, supportive and fully inclusive environment.

Our SEND provision allows pupils with learning difficulties the opportunity to follow a curriculum specifically tailored to develop life skills and to give pupils self-confidence through their learning thus enabling them to maximize their potential and to work independently. We are committed to closing the attainment gap between SEND and non-SEND pupils. This may include short-term intervention learning programmes, before and after school skills groups and other learning interventions developed to personalise learning.

We have very good attendance and pupils want to come to school to experience our high quality learning provision. All children and young people irrespective of race, gender, disability, sexual orientation, religion or belief are entitled to an education that enables them to make progress so that they:

- achieve their best
- become confident individuals living fulfilling lives
- make a successful transition into adulthood

Aims

The aims of our policy and practice at Bradway are:

1. To make reasonable adjustments for those with a disability by taking action to increase access to the curriculum and their environment.
2. To ensure that children and young people with SEND engage in the activities of the school alongside pupils who do not have SEN
3. To reduce barriers to progress by embedding the principles in the National Curriculum Inclusion statement.
4. To use our best endeavours to secure special educational provision for pupils for whom this is required, that is “additional to and different from” that provided within the differentiated curriculum
5. To request, monitor and respond to parent/carers’ and pupils’ views in order to evidence high levels of confidence and partnership
6. To ensure a high level of staff expertise to meet pupil need, through well-targeted continuing professional development
7. To support pupils with medical conditions to achieve full inclusion in all school activities by ensuring consultation with health and social care professionals, parents and pupils in order to meet the medical needs of pupils
8. To work in co-operative and productive partnership with the Local Authority and other outside agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable learners

Responsibility

Special Educational Needs & Disability Co-ordinator: Mrs A Wales (Assistant Headteacher)

e-mail: awales@bradway.sheffield.sch.uk

Mrs Wales is responsible for the implementation of the SEND policy and will support and encourage other members of staff when and where necessary. She will liaise with parents and relevant outside agencies, Medical and Psychology Services. She will attend and cascade appropriate inservice training in order to meet new developments with policy and practice. She will prepare and deliver Continuing Professional Development / INSET and assist in the purchase and deployment of resources encouraging their efficient and effective use. The SENDCO will also be responsible for overseeing the maintenance of the Special Needs Register.

SEND Governor: Mrs L Shaw

The SEND governor works in liaison with the SENDCo to support with monitoring and evaluating provision as well as reporting to the governing body.

Admission Arrangements

The admission arrangements for all pupils are in accordance with national legislation including the Equality Act 2010. This includes children with any level of SEN, those with Education, Health and Care Plans and those without.

If your child has special educational needs and/or a disability and you would like to know more about what we offer at Bradway Primary School please contact us on 0114 2363723 or e-mail us at enquiries@bradway.sheffield.sch.uk.

Alternatively, Sheffield's SEND Local Offer can be obtained from Sheffield Council's website:

www.sheffield.gov.uk

http://www.sheffielddirectory.org.uk/kb5/sheffield/directory/service.page?id=TZ-n1QVHoSA&localofferchannelnew=10_4

or directly from the school website www.bradwayprimary.co.uk

Provision

At our school we use the definition for SEND and for disability from the SEND Code of Practice (2014). This states:

SEN: A child or young person has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her. A learning difficulty or disability is a significantly greater difficulty in learning than the majority of others of the same age.

Special educational provision means educational or training provision that is additional to, or different from, that made generally for others of the same age in a mainstream setting in England.

Disability: Many children and young people who have SEND may have a disability under the Equality Act 2010 – that is '...a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities'. This definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy, and cancer.

The difficulty or disability may relate to:

- communication and interaction
- cognition and learning
- behavioural, emotional and social development
- sensory or physical conditions.

Special Educational Provision is that which is additional to or different from that which is made generally for most children in school.

Assessment is an ongoing core process throughout the school. It is a check that each child is making adequate progress against the national expectations set for each year group from Foundation 2 through to Year 6.

If a child is not making the expected progress, then we identify a need, determine the barriers and put interventions into place to overcome those barriers.

Adequate progress is defined as that which:

- closes the attainment gap between the child and children of a similar age
- prevents the attainment gap growing wider
- is similar to that of peers starting from the same attainment baseline, but less than the majority of their peers
- matches or is better than the previous rate of progress
- ensures that a child has full access to the curriculum in line with their peers
- demonstrates an improvement in self-help, social or personal skills
- demonstrates improvement in a child's behaviour allowing them to be receptive to learning.

Assessment and Identification

A graduated approach: Quality First Teaching

- All pupils will be provided with high quality teaching that is differentiated to meet the diverse needs of all learners.
- Pupils with a disability will be provided with reasonable adjustments (such as auxiliary aids and services) to overcome any disadvantage experienced in schools and increase their access to the taught curriculum. The SSGE document (Sheffield Support Grid Exemplification) will be used to identify possible support.
- The quality of classroom teaching provided to pupils with SEND is monitored through a number of processes that includes:
 - classroom observation by the senior leadership team, the SENDCO, external verifiers,
 - ongoing assessment of progress made by pupils with SEND,
 - work sampling and scrutiny of planning to ensure effective matching of work to pupil need,
 - teacher meetings with the SENDCO to provide advice and guidance on meeting the needs of pupils with SEND,
 - pupil and parent feedback on the quality and effectiveness of interventions provided,
 - attendance and behaviour records.
- All pupils are given individual national curriculum targets set in line with national outcomes in the end of year reports to ensure ambition. Parents are informed of these via the reporting system and also at events such as Parents' Evenings.
- Pupils' attainments are tracked using the whole school tracking system and those failing to make expected levels of progress are identified through pupil progress meetings. These pupils are then discussed in termly progress meetings that are undertaken between the class teacher and members of the Senior Leadership team, including the SENDCO.
- Additional needs (AN) to increase the rate of progress will then be identified and where necessary further provision / resources will be given to the teacher to further support the success of the pupil.
- Where it is decided, during this early discussion that special educational provision is

required to support increased rates of progress, parents will be informed that the school considers their child may require SEND support and their partnership sought in order to improve attainments / outcomes.

SEND Support

Where it is determined that a pupil does have SEND, parents will be formally advised of this and the decision will be added to the SEND register and recorded on SIMs (School Support – K). The aim of formally identifying a pupil with is to help the school ensure that effective provision is put in place and so removing barriers to learning. The Sheffield Support Grid Exemplification document is used to help the identification of needs and provision for pupils with Special Educational Needs and Disabilities and is used in school as a guide to delivering a graduated approach to identifying a pupil's SEN, it also provides guidance and support on how best to meet them. SEND Support consists of a four- part process:

- **Assess**
- **Plan**
- **Do**
- **Review**

This is an ongoing cycle to enable the provision to be refined and revised as the understanding of the needs of the pupil grows. This cycle enables the identification of those interventions which are the most effective in supporting the pupil to achieve good progress and outcomes.

- **Assess:** Data on the pupil held by the school will be collated by the class teacher in order to make an accurate assessment of the pupil's needs. Parents will always be invited to this early discussion to support the identification of action to improve outcomes.
- **Plan:** If review of the action taken indicates that "additional to and different from" support will be required, then the views of all involved including the parents and the pupil will be obtained and appropriate evidence-based interventions identified, recorded and implemented by the class teacher with advice from the SENDCO
- **Do:** The class teacher remains responsible for working with the child on a day-to-day basis. They will retain responsibility even where the interventions may involve group or one-to- one teaching away from the main class teacher. They will work closely with teaching assistants or specialist staff involved to plan and assess the impact of support and interventions and links with classroom teaching. Support with further assessment of the pupil's strengths and weaknesses, problem solving and advising of the implementation of effective support will be provided by the SENDCO.
- **Review:** Progress towards these outcomes will be tracked and reviewed half termly with the parents and the pupil at SEND Termly review meetings. Here outcomes and support will be reviewed and recorded.

In addition, the school will involve external agencies as appropriate including health and social services, community and voluntary organisations for advice on meeting the needs of pupils with SEND and in further supporting their families. Please see our school local offer of services:

http://www.sheffielddirectory.org.uk/kb5/sheffield/directory/service.page?id=TZ-n1QVHoSA&localofferchannelnew=10_4

For a very small percentage of pupils, whose needs are significant and complex and the SEND Support required to meet their needs cannot reasonably be provided from within the school's own resource; a request will be made to the local authority to conduct an assessment of education, health and care needs. This may result in an Education, Health and Care Plan (EHCP) being provided.

Provision

Class teachers have responsibility for enabling all pupils to learn. Teachers are both responsible and accountable for the progress and development of all pupils in their class, including those pupils who access support from teaching assistants or specialist staff. Where support staff work with pupils with SEN, the teacher has overall responsibility for those pupils and must ensure that they make appropriate progress. To achieve this they:

- plan appropriate work / activities for their pupils
- ensure that support is available for all children (inclusive 'quality first' teaching)
- differentiate the curriculum to take account of different learning styles, interests, abilities
- ensure that all children can be included in tasks / activities
- monitor individual progress
- celebrate achievement
- identify those children who require additional or different support in order to make progress
- set targets from pupil progress meetings and extended parent meetings and discuss these with parents and pupils

Teachers are familiar with the relevant equal opportunities legislation covering the protected characteristics: race, gender, disability, sexual orientation, religion or belief and age. (See Equality Policy)

Support Staff

- Through 'quality first' teaching, support the teachers in enabling all children have access to the curriculum
- Support the teachers in enabling children with SEND to have access to an appropriate curriculum
- Encourage and promote independence in the children
- Liaise with the Class Teacher
- Help to prepare resources and adapt materials
- Carry out interventions to close the gap for children experiencing difficulty
- Promote the inclusion of all children in all aspects of life at school.
- Liaise with the SENDCO and meet weekly to discuss the pupils they are working with.

INTERVENTION:

Intervention is carried out by the school and is '**additional to or different from**' the usual differentiated curriculum. It can take the form of:

- Using different learning materials in the classroom
- Making reasonable adjustments within the physical environment
- Making reasonable adjustments to routines /school day / lunchtimes / breaks / timetables
- Support Staff in the classroom
- A more focused level of support in a small group or 1:1
- Focused work to be completed at home

ORGANISATION OF SUPPORT

Our inclusive approach to provision means that the majority of pupils have their needs met by accessing differentiated planning that is used across the school to ensure that all lessons are appropriately differentiated. Lessons are structured to provide a range of visual, auditory and kinesthetic activities.

The school adopts a flexible approach to support provision in order that a child's individual needs can be met. The support provided usually falls into one of the following categories:

- Direct or indirect support in the classroom
- Focused withdrawal support from the classroom
- Specific equipment / resources to support the pupil in their learning

We encourage emphasis being placed on learning within the normal peer groups. Although the needs of the pupils are considered individually they may not necessarily be supported individually. The physical layout of the school enables us to make provision for small groups of children as well as personal learning areas. This allows us to provide greater differentiation with more quality support.

Bespoke pastoral and learning support is enhanced through social breaks throughout the day in order to develop self-confidence, self-belief, anger management, emotional resilience, self-regulation and social skills.

EXTERNAL SERVICES

When a child is demonstrating further cause for concern or their learning need is more complex and persistent than can be met by the interventions already put in place, school will use the SSGE and engage with relevant external services. This is accessed when:

- a child continues not to make adequate progress
- continues working at levels substantially below that of children of a similar age even when teaching approaches have been targeted on an identified area of weakness
- continues to have difficulty in developing English and maths skills
- has emotional or behavioural difficulties which substantially or regularly interfere with the child's own learning or that of the other learners, despite taking part in an individualised behaviour management programme
- has sensory or physical needs and require additional specialist equipment or require regular advice or visits by a specialist service
- has on-going communication or interaction difficulties that impede the development of social relationships and cause substantial barriers to learning
- a child's learning needs are manifesting themselves either in a more complex or in a more specific way as they move on through the school

For these children, the difference between their attainment and that of the other children is widening and this needs further investigation.

A request for support from external services is likely to follow a decision taken jointly by school staff in consultation with parents. In seeking the support of external services, those visiting the school will need to have access to the child's records in order to establish which strategies have already been tried and signed parental permission must be given.

The external specialist may:

- act in an advisory capacity to refine targets set by the school
- extend the expertise of the teaching staff

- provide additional assessment
- be involved in supporting the child directly
- suggest that a statutory assessment is advisable
- consult with all parties involved with the child

Support Staff are assigned across the whole school to support SEND pupils according to need. In FS2 provision is also met by the Early Years Inclusion Service.

Links with outside agencies are well established and transition to and from our feeder and transfer schools is very good.

Statutory Assessment: EHCP (Education, Health, Care Plan)

When a child is demonstrating a significant cause for concern or their learning need is more complex and persistent than can be met by the interventions already put in place, a statutory assessment will be considered. The EHCP incorporates all information about the child from birth to 25. All parties, including health and other agencies involved with the child contribute to this plan. If a Statutory Assessment is required the school, in consultation with the child, parents and outside agencies, will submit reports for consideration by the Locality Moderation Panels and then to the Local Authority's Provision Panel. The request is made to the Sheffield Local Authority (LA) once approved by the Locality E SEND Panel. Sheffield's SEND Local Offer can be obtained from Sheffield Council's website (www.sheffield.gov.uk).

The Local Authority will need to have:

- information about the child's progress over time (My Plan)
- documentation in relation to the special educational need (Support Plan)
- details of action taken by the school to meet the child's special educational needs
- particulars of any special resources or arrangements put in place.

This information, contained within a My Plan, includes where relevant:-

- Learning Support Plans (LSP) for the child
- records of support plans, reviews and their outcomes
- health reports, including medical history where relevant
- national assessment levels and reports or records of progress compiled by the teachers
- educational and other assessments, for example from an advisory teacher or an Educational Psychologist
- reports from other professionals involved with the child (Social Services, Educational Welfare services, Health and Education services).

The views of the parent and child are sought. Parents may also make a Request for Statutory Assessment. They will need to contact SENDIAS (formally Parent Partnership) at the Local Education Office to be advised of the way forward. If the school makes a Request for Statutory Assessment, parents can still access SENDIAS at any point in the process. The process is defined by a specific timescale and statutory procedures where all of the evidence is gathered. If the request is successful, then further evidence is gathered from all of the agencies who have involvement with the child.

If the Provision Panel agrees to the need for an '**Education Health Care Plan**', the Local Authority will lead on the process. School will prepare the necessary documentation and send it to the Local Authority. EHCPs are subject to annual review which will include parental views about the child's progress.

Further reviews can be arranged at any time if significant concerns arise. Children under 5 years of age are subject to 6 monthly reviews.

Recording

SEND records are kept on each child and stored securely. There is also a Medical List to enable staff to be kept informed of any medical information and Care Plans in place where necessary. General Learning Support and Intervention records are maintained by both the SENDCo and Class Teachers to chart children's progress.

Class Intervention Plans /support plans / PPM plans are updated as and when necessary but at least termly with the Class Teacher, members of the SLT and the SENDCo. The school's flexible approach allows for children to access support and intervention as and when necessary. Names can also be added or removed from the SEND Register (School Support) following consultation with relevant personnel and agencies.

Resources

A wide range of materials are provided by the school and Learning Support Service in order to assist in drawing up a programme for a child with learning difficulties. These resources are distributed around the school. We encourage their efficient and effective use by raising awareness of availability of materials and matching resources to need.

Partnerships

Partnership between parents and school plays a key role in promoting a culture of positive expectation for SEND pupils. Parent partnership is encouraged through parent consultations, extended parent meetings, review meetings, parent workshops, parent questionnaires, home/school communication books, curriculum newsletters, annual reports and informal discussions and whole school parental events. We endeavour to create positive links with our parents by operating an 'Open Door' policy. Pupils and parents are at the heart of decision-making, ensuring high quality individual education plans are carefully planned around the specific needs of the child. We try to accommodate parental availability when planning meetings. Face to face and telephone contact is maintained which ensures that difficulties and anxieties can be resolved swiftly.

School Agency Partners include:

Education Psychologist
Learning Support Service
Ryegate Children's Centre
Centenary House
Child and Adult Mental Health Service (CAMHS)
Speech and Language Therapy
Occupational Therapy
Physiotherapy
MAST (Multi Agency Support Team)
Autism Team
CAMHS – through our Healthy Minds Links
Fusion Support Service
FACT Team

If you would like to know more information about these services contact us on 0114 2363723

Further information is also available from Sheffield Council's website www.sheffield.gov.uk

Pupils

- are encouraged to participate fully in the life of the school
- understand the success criteria to enable progress to take place

- are expected to behave in a responsible and respectful way within a learning context
- have a role to play in voicing their suggestions as to how the teachers can help them to learn better and where appropriate attend review meetings.
- comment on how they feel they are progressing

Engagement with pupils will play a key role in promoting a culture of positive expectation. Pupils are involved in the learning process at all levels. Through thorough marking, using feedback and response, they are aware of their targets and know what they have to do to improve. Support is tailored to their individual needs and pupils are invited to comment regarding their provision.

Complaints

We hope that complaints about SEND provision will be rare, however, if there should be a concern the following procedures should be followed:

- Raise initial concern with class teacher
- Arrange a meeting with the SENDCo
- Arrange a meeting with the headteacher
- Arrange to meet the SEND governor (Lucy Shaw)
- Arrange to meet Sheffield Parent Partnership Team – 01142736009

If following these procedures the issue has not been resolved please see the school's Complaints policy which can be found on the school website.

Transition

Our goal is to make sure that our new pupils feel like they belong at our school, before they formally start. Learning is most effective, when pupils feel they belong, and are comfortable in the school environment.

The following is arranged:

- careful transition from nursery/preschool
- additional visits to school pre-start (FS)
- foundation Staff, plus the SENDCo, attend transition reviews at Early Years placements, to ensure information sharing takes place and pupils and parents are familiar with teachers and the SENDCo.
- transition books are used throughout school, to support children with their move to their next class – these are then taken home over the summer to refer to.
- Transition days occur so that pupils can familiarise themselves with their new class and class teacher and become familiar with their new environment and routines.
- Welcome packs are sent home to all parents outlining key information for the year group.
- A parental welcome meeting is organised within the first two weeks of a new school year.
- teachers are provided with information about pupils' needs, strengths and background through transition meetings with the previous class teacher and SENDCO when appropriate
- attendance at annual review meetings for pupils with an ECH Plan
- for year six leavers, there is an enhanced programme of transition, including extra visits to the secondary school
- the SENDCO from the secondary school, is invited to the summer Y6 review meetings, to meet vulnerable children and their families
- visits to Bradway from Y7 secondary staff, to gather information, to enable them to better meet the needs of the pupil
- contact is always made with the new school, to ensure the transfer of information and to forward on the child's school file. CPOMS allows us to ensure all information is transferred electronically to the child's next school.
- Additional transition sessions are arranged for pupils who require it.

The Local Offer

Bradway's SEND Local Offer can be obtained from Sheffield Council's website

<http://www.sheffielddirectory.org.uk/kb5/sheffield/directory/service.page?id=TZ-n1QVHoSA&localofferchannelnew=10>

or directly from the school website: www.bradwayprimary.co.uk

Review date: September 2020
